

ENVIO

100% RECYCLED POLY MAILERS

100% RECYCLED MATERIAL

ENVIO™ Poly Mailers offering sustainable packaging alternatives to our clients is a goal we're authentically passionate about. Made from 100% recycled materials, our Envio Poly Mailers deliver in not only providing a durable packaging solution but matching your business' initiatives of supporting a clean environment as well. Plus, these lightweight mailers are manufactured from high-end materials that work to ensure your goods will arrive in the same condition as when originally packaged: proving that functionality and sustainability can easily come together.

- ▶ Made from 100% recycled materials that match your business' sustainability.
- ▶ Manufactured with high-end materials that deliver ultra-strong packaging.
- ▶ Engineered to withstand tampering, moisture and puncturing for greater security.
- ▶ Includes a self seal for an easy, permanent closure: simply pull the liner to have a one-time seal.
- ▶ Designed with a grey interior and exterior to enhance your customer's privacy, making them ideal for storing and shipping paperwork, clothing, soft goods and more.
