- Versatile applications across numerous industries
- Reduces the risk of shipment and storage damage

## PRODUCT USES

- Use to stabilize loads and improve stacking strength when shipping.
- Stabilizes strapped or stretch-wrapped loads.
- Provides additional support when double-stacking pallets in warehouse.
- Eliminates shifting loads.

## CUSTOM SIZING AVAILABLE

### ● **Eco-Friendly and Strong**

Crafted from 100% recycled paperboard, FLEXPAC™ Corner Boards are not only environmentally responsible but also remarkably sturdy. These boards are designed to withstand the rigors of transport and storage, providing your packages with exceptional edge protection and load containment. With sustainability at its core, FLEXPAC™ is 100% recyclable, aligning with your company's green initiatives without compromising on performance.

### ● **Customizable and Versatile**

FLEXPAC™ is available in nearly any size, configuration or option, including standard and custom printing graphics. This versatility ensures that every package, no matter its size or shape, receives the optimal level of protection and brand visibility.

### ● **Maximize Protection, Minimize Damage**

In today's fast-paced market, the integrity of your packaging is paramount. FLEXPAC™ Corner Boards drastically reduce the risk of damage during shipment or storage, stabilizing loads and improving stacking strength. They are your safeguard against shifting loads and the costly repercussions of damaged goods, which can significantly impact customer satisfaction and your bottom line.

### ● **A Solution for Every Industry**

FLEXPAC™ Corner Boards are suited to a wide range of applications, from agriculture to appliances, building products to HVAC systems, food to pharmaceuticals, and much more. Whatever your customer's industry, FLEXPAC™ provides the protection your products need, ensuring they arrive in perfect condition, every time.
